

7 COMPONENTS

OF AN EFFECTIVE WAREHOUSE LOCATION ADDRESS

01 The system must be sequential

02 Alternate the use of numbers and letters.

A-02-B-03

aisles

bays

levels

bins

03 The numbering system must be user-intuitive.

all the labels at eye-level

uniform location

04 Labels should be easy to find and read.

05 Be consistent.

06 Addresses on labels should be the same as those used in pick path plans.

07 Use the right label materials.

adhesive stickers, magnets, or metal
